

object

```
graph BT; A["parlai.mturk.core.test.test_socket_manager.MockAgent"] --> B["object"]
```

A diagram illustrating inheritance. A blue arrow points from a gray box at the bottom to a white box at the top. The gray box contains the text 'parlai.mturk.core.test.test_socket_manager.MockAgent' and the white box contains the text 'object'.

parlai.mturk.core.test.test
_socket_manager.MockAgent
