

Module

```
graph BT; BertWrapper[parlai.agents.bert_ranker.helpers.BertWrapper] --> Module[Module];
```

A diagram illustrating a class inheritance relationship. At the top is a white box with a thin gray border containing the word "Module". Below it is a gray box with a thick black border containing the text "parlai.agents.bert\_ranker.helpers.BertWrapper". A blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating that BertWrapper inherits from Module.

parlai.agents.bert  
\_ranker.helpers.BertWrapper
