

Module

```
graph BT; Identity[projects.self_feeding.modules.Identity] --> Module[Module];
```

The diagram illustrates a relationship between a class and an instance. At the top, a white box with a black border is labeled 'Module'. Below it, a gray box with a black border contains the text 'projects.self\_feeding.modules.Identity'. A blue arrow points from the top of the gray box to the bottom of the white box, indicating that the instance in the gray box inherits from or is an instance of the class in the white box.

projects.self\_feeding.modules.
