

parlai.core.torch_generator
_agent.TorchGeneratorAgent.compute_loss

```
graph LR; A[parlai.core.torch_generator_agent.TorchGeneratorAgent.compute_loss] --> B[parlai.core.torch_generator_agent.TorchGeneratorAgent._model_input]
```

A diagram showing a call from the `compute_loss` method to the `_model_input` attribute. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.

parlai.core.torch_generator
_agent.TorchGeneratorAgent.
