

Module

```
graph BT; A["parlai.agents.transformer.modules.  
TransformerEncoder"] --> B["Module"]
```

A diagram illustrating a class inheritance relationship. At the bottom is a gray rectangular box containing the text "parlai.agents.transformer.modules. TransformerEncoder". A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top, which contains the text "Module".

parlai.agents.transformer.modules.
TransformerEncoder
