

Module

```
graph BT; A["projects.controllable<br/>_dialogue.controllable<br/>_seq2seq.modules.UnknownDropout"] --> B["Module"];
```

A diagram illustrating inheritance. A light gray box at the top is labeled "Module". A dark gray box at the bottom contains three module names: "projects.controllable", "\_dialogue.controllable", and "\_seq2seq.modules.UnknownDropout". A blue arrow points from the top of the dark gray box to the bottom of the "Module" box, indicating that these modules inherit from the "Module" base class.

projects.controllable  
\_dialogue.controllable  
\_seq2seq.modules.UnknownDropout
