

Module

```
graph BT; Identity[projects.self_feeding.modules.Identity] --> Module[Module];
```

The diagram illustrates a relationship between a class and an instance. At the top is a white box with a black border labeled 'Module'. Below it is a gray box with a black border containing the text 'projects.self_feeding.modules.Identity'. A blue arrow points from the top of the gray box to the bottom of the white box.

projects.self_feeding.modules.
