

Module

```
graph BT; A["parlai.agents.memnn.modules.MemNN"] --> B["Module"]
```

The diagram illustrates a class inheritance relationship. At the bottom is a gray rectangular box containing the text 'parlai.agents.memnn.modules.MemNN'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box at the top, which contains the text 'Module'. This indicates that MemNN inherits from the Module class.

parlai.agents.memnn.modules.
MemNN
