

parlai.core.torch_ranker
_agent.TorchRankerAgent.report

```
graph LR; A["parlai.core.torch_ranker_agent.TorchRankerAgent.report"] --> B["parlai.agents.legacy_agents.seq2seq.utils_v0.round_sigfigs"]
```

A diagram showing a call from the `report` method of `TorchRankerAgent` in `parlai.core.torch_ranker_agent` to the `round_sigfigs` method in `parlai.agents.legacy_agents.seq2seq.utils_v0`. The source box is shaded gray and the target box is white.
