

parlai.core.torch_generator
_agent.TorchGeneratorAgent.report

```
graph LR; A["parlai.core.torch_generator_agent.TorchGeneratorAgent.report"] --> B["parlai.agents.legacy_agents.seq2seq.utils_v0.round_sigfigs"]
```

A diagram showing a call from the `report` method of `TorchGeneratorAgent` in `parlai.core.torch_generator_agent` to the `round_sigfigs` function in `parlai.agents.legacy_agents.seq2seq.utils_v0`. The source box is shaded gray and the target box is white. A blue arrow points from the source to the target.
