

parlai.core.agents.Multi
TaskTeacher.epoch_done

```
graph LR; A[parlai.core.agents.MultiTaskTeacher.act] --> B[parlai.core.agents.MultiTaskTeacher.epoch_done];
```

A diagram showing a call from the `act` method to the `epoch_done` method. The `act` method is in a white box on the right, and the `epoch_done` method is in a gray box on the left. A blue arrow points from the `act` box to the `epoch_done` box.
