

```
interactive_end2end.interactive  
_end2end.InteractiveEnd2endAgent.get  
_passages
```

```
graph LR; A["interactive_end2end.interactive  
_end2end.InteractiveEnd2endAgent.get  
_passages"] --> B["parlai.agents.tfidf  
_retriever.build_tfidf.tokenize"]
```

A diagram showing a call from the `interactive_end2end.interactive_end2end.InteractiveEnd2endAgent.get_passages` method to the `parlai.agents.tfidf_retriever.build_tfidf.tokenize` method. The call is represented by a blue arrow pointing from the left box to the right box.

```
parlai.agents.tfidf  
_retriever.build_tfidf.tokenize
```
